

## **XI INTERNATIONAL FORUM FOR CARDIOLOGY AND INTERNAL MEDICINE**

**March 22-24, 2022,**

**MOSCOW**

**(Online)**

### **SCIENTIFIC PROGRAM**

#### **Registration on the IFT using the links**

##### **March 22**

<https://events.webinar.ru/26057959/22marta2022>

##### **March 23**

<https://events.webinar.ru/26057959/23marta2022>

##### **March 24**

<https://events.webinar.ru/26057959/24marta2022>

#### **March 22, 2022**

10.00-11.00.

##### **Plenary session.**

1. Mamedov M. N. (Moscow, Russia). Features of the clinical course and prevention of CVD in patients with type 2 diabetes: what's new?
2. Zueva I. B. (St. Petersburg, Russia). Blood pressure profiles and cognitive functions: in pursuit of the golden mean.
3. Kamilova U.K. (Tashkent, Uzbekistan). Diagnostic criteria of kidney dysfunction in patients with chronic heart failure.

Discussion.

11.10-12.10.

**Round table. Two targets in therapeutic practice: risk factors and rehabilitation.**

**Moderators: Nedoshivin A. O. (Saint Petersburg, Russia), Mikhin V. P. (Kursk, Russia), Shishkova V. N. (Moscow, Russia).**

1. Nedoshivin A. O. (Saint Petersburg, Russia). Metabolic therapy of heart diseases - current opportunities and prospects.
2. Mikhin V. P. (Kursk, Russia). Cardiovascular risk factors in the realities of a pandemic: the vascular wall is in focus.
3. Shishkova V. N. (Moscow, Russia). Post-ovoid asthenia: is it time to discuss or is it time to act?

Discussion.

12.20-13.30.

**Clinical lectures on the diagnosis and treatment of internal diseases.**

**Chairmen: Drobotya N.V. (Rostov-on-Don, Russia), Druk I. V. (Omsk, Russia).**

1. Trukshina M. A. (Saint Petersburg, Russia). Comments on the new European recommendations for CHF 2021, emphasis on fibrosis.
2. Kanorsky S. G. (Krasnodar, Russia). Comparison of drug and non-drug methods of anti-relapse treatment of arrhythmias.
3. Druk I. V. (Omsk, Russia). The problem of de-intensification of type 2 diabetes mellitus therapy in the older age group.
4. Drobotya N.V., Kaltykova V.V., Huseynova E.Sh. (Rostov-on-Don, Russia). Principles of rehabilitation of survivors of COVID 19.

Discussion.

13.35-14.50.

**A symposium on topical issues of somatic diseases and their comorbidity.**

**Chairmen: Nechaeva G. I. (Omsk, Russia), Mal G. S. (Kursk, Russia).**

1. Nechaeva G. I. (Omsk, Russia). Risk factors for adverse cardiovascular events in patients with connective tissue dysplasia.
2. Murkamilov I.T. (Bishkek, Kyrgyzstan). Homocysteine and the risk of cardiocerebral complications in CKD.
3. Bondarenko I. Z. (Moscow, Russia). New opportunities in predicting an unfavorable cardiovascular prognosis in young patients with type 1 diabetes mellitus.
4. Mal G. S. (Kursk, Russia). Cardiotoxic effects of antitumor drugs are in the focus of attention of therapists and cardiologists.
5. Shatskaya O. A. (Moscow, Russia). Chronopitane in the management of cardiovascular risk in patients with type 1 diabetes mellitus.

Discussion.

15.00-16.15.

**Symposium of the Ogarev Mordovian State University «Topical issues of clinical practice. The experience of the region»**

**Chairs: Balykova L.A. (Saransk, Russia), Eremina E.Yu. (Saransk, Russia).**

1. Balykova L. A. (Saransk, Russia). COVID-associated myocarditis in children and adolescents.
2. Leshchankina N. Yu. (Saransk, Russia). Postcovid syndrome: how to help a patient with cardiac disorders?
3. Eremina E. Yu. (Saransk, Russia). Tactics of managing a patient with NAFLD during the coronavirus pandemic.
4. Pyataev N. A. (Saransk, Russia). Nutritional support for patients with COVID-19 coronavirus infection.
5. Bogatyreva M. M.-B. (Magas, Russia). COVID 19 and cardiovascular diseases: how to improve the forecast?

Discussion.

16.20-17.35

**Symposium «Cardiovascular Continuum».**

**Chairmen: Dedov D. V., (Tver, Russia), Rubanenko O. A. (Samara, Russia), Kezhun L. V. (Grodno, Belarus).**

1. Rubanenko O. A. (Samara, Russia). Screening strategy for the detection of arterial hypertension.
2. Dedov D. V., Masyukov S. A. (Tver, Russia). Paroxysmal atrial fibrillation: prognostic value of Holter electrocardiogram monitoring and heart rate variability.
3. Tolpygina S. N. (Moscow, Russia). Prognostic value of calcified aortic stenosis in patients with IHD PROGNOSIS.
4. Kezhun L. V. (Grodno, Belarus). Palm oil and the risk of developing cardiovascular pathology.
5. Litvinova M. S., Khaisheva L. A. (Rostov-on-Don, Russia). Study of vascular calcification in patients with isolated systolic arterial hypertension.

Discussion.

**March 23, 2022**

10.00-11.30

**Symposium of the Krasnoyarsk State Medical University named after Professor V.F.Voino-Yasnetsky «Comorbidity of the XXI century - Disrupt stereotypes or the evolution of diseases? Updating the management».**

**Chairmen: Grinstein Yu. I. (Krasnoyarsk, Russia), Demko I. V. (Krasnoyarsk, Russia).**

1. Demko I. V. (Krasnoyarsk, Russia). Comorbidity of patients with bronchoobstructive syndrome.

2. Grinstein Yu. I. (Krasnoyarsk, Russia). Stable coronary heart disease. New recommendations and real clinical practice.
3. Petrova M. M., Kaskayeva D. S. (Krasnoyarsk, Russia). Cognitive dysfunction in covid-19: sentence or amnesty for comorbid patients?
4. Kharkiv E. I., Ursta A.A., Petrova M.M. (Krasnoyarsk, Russia). Polymorbidity syndrome in the development of contrast-induced acute kidney injury in patients with acute myocardial infarction.
5. Shtegman O. A. (Krasnoyarsk, Russia). Problems of treatment of patients with paroxysmal atrial fibrillation at the stage of emergency medical care.
6. Gear P. A., Gritsenko O. D. (Krasnoyarsk, Russia). Axial spondyloarthritis – how to find a way out of the labyrinth of the minotaur?

Discussion.

11.40-12.55

**Symposium «Cardiorenal continuum. The position of a nephrologist and cardiologist»**

**Chairs: Shutov A.M. (Ulyanovsk, Russia), Efremova E. V. (Ulyanovsk, Russia).**

1. Shutov A.M. (Ulyanovsk, Russia). The modern concept is the renal continuum (acute kidney injury, acute kidney disease, chronic kidney disease).
2. Gubareva E. Yu. (Samara, Russia). Features of kidney damage in patients with COVID-19.
3. Kobzeva N. D. (Rostov-on-Don, Russia). Tactics of management of a patient with peripheral atherosclerosis: focus on damage to the renal arteries.
4. Smolyakova M. V. (Minsk, Belarus). Psychological factors of cardiovascular risk in kidney transplant recipients.
5. Efremova E. V. (Ulyanovsk, Russia). Chronic kidney disease in the elderly. Focus on quality of life.

Discussion.

13.00-14.15.

**Symposium «Cardiovascular risk management in the era of COVID-19».**

**Chairmen: Poponina T. M. (Tomsk, Russia), Petrova M.M. (Krasnoyarsk, Russia).**

1. Poponina T. M. (Tomsk, Russia). Secondary prevention in patients with chronic coronary syndromes after high-tech treatment methods: features of therapy in the era of COVID-19.
2. Petrova M. M. (Krasnoyarsk, Russia). Problems of late diagnosis of the clinical phenotype «Arterial hypertension and tension headache». Co-rapporteurs: Moskaleva P. V., Schneider N. A., Kaskayeva D. S. (Krasnoyarsk, Russia).
3. Poponina T. M., Gunderina K. I., Poponina Y. S. (Tomsk, Russia). Possibilities of reducing cardiovascular risk in patients with acute coronary syndrome and anxiety-depressive disorders.
4. Repin A. N., Lebedeva E. V. (Tomsk, Russia). Personalized therapy of chronic coronary heart disease in combination with depressive disorders: possibilities for improving the prognosis.

5. Nalesnik E. O., Repin A. N. (Tomsk, Russia). Association of NOS3 gene and ACE gene polymorphisms with acute complications of planned percutaneous coronary interventions.

Discussion.

14.20-15.35

**Symposium of the Ryazan State Medical University named after academician I.P. Pavlov on topical problems of pulmonology.**

**Chairmen: Korshunova L. V. (Ryazan, Russia), Panfilov Yu. A. (Ryazan, Russia).**

1. Korshunova L. V. (Ryazan, Russia). COPD: are we treating a disease or a patient?
2. Panfilov Yu. A. (Ryazan, Russia). Predictors of an unfavorable outcome in COPD.
3. Shakhanov A.V. (Ryazan, Russia). Components of the nitric oxide system as biomarkers of bronchoobstructive diseases.
4. Belskikh E. S. (Ryazan, Russia). Succinate as a possible biomarker of adaptation to hypoxemia in chronic obstructive pulmonary disease.
5. Faletrova S. V. (Ryazan, Russia). Bronchial asthma and overweight. Assessment of indicators of systemic inflammation and oxidative.

Discussion.

15.40-16.55

**Russian-Kazakh Symposium on topical issues of cardiology.**

**Chairmen: Seisembekov T.Z. (Nur-Sultan), Mamedov M.N. (Moscow).**

1. Zhusupova G.K. (Nur-Sultan, Kazakhstan). Predictive models of the risk of sudden cardiac death in patients with coronary pathology.
2. Zagorulya N.L. (Nur-Sultan, Kazakhstan). Clinical and functional features of acute coronary syndrome in patients in the gerontological aspect.
3. Kubekova S.Zh. (Nur-Sultan, Kazakhstan). Prognostic significance of the functional state of the right ventricle in patients with coronary heart disease.
4. Smailova G.T. (Nur-Sultan, Kazakhstan). Heart rate variability in patients with low-risk acute coronary syndrome.
5. Aidumova O.Yu., Shchukin Yu.V., Fatenkova O.V. (Samara, Russia). Clinical features and geriatric status of patients over 70 years of age with myocardial infarction.

Discussion.

17.00-18.30

**Russian-Belarusian Symposium «Arterial stiffness: from science to practice».**

**Chairmen: Ivanova S.V. (Moscow, Russia), Barkan V.S. (Chita, Russia).**

1. Nosov A.E. (Perm, Russia). The importance of arterial stiffness parameters in identifying patients with very high cardiovascular risk.
2. Barkan V.S., Goncharov S.A. (Chita, Russia). Diagnosis of occlusive lesions of the arteries of the lower extremities during medical examinations: from screening to reconstruction.
3. Ivanova S.V., Teltevskaia I.I., Melekhina I.V. (Moscow, Russia). Subclinical markers of vascular wall lesions in patients with type 2 diabetes mellitus.

**March 24, 2022**

10.00-11.15.

**Symposium of the Moscow Medical and Dental University named after A.I. Evdokimov «Actual aspects of functional diagnostic methods in assessing cardiovascular risk in therapeutic practice».**

**Chairmen: Vasyuk Yu.A. (Moscow, Russia), Ivanova S.V. (Moscow, Russia)**

1. Ivanova O.S., Maychuk E.Yu., Voevodina I.V. (Moscow, Russia). Early changes in the vascular wall in women of different ages. The role of risk factors.
2. Nesterova E.A., Shupenina E.Yu., Vasyuk Yu.A. (Moscow, Russia). The place of central aortic pressure in the diagnosis of isolated systolic hypertension.
3. Ivanova S.V., Trofimenko O.S., Trush E.Yu. (Moscow, Russia). Assessment of the structural and functional state of the heart in the light of modern recommendations for the management of patients with hypertension.
4. Sapunova D.A., Sadulaeva I.A., Yushchuk E.N. (Moscow, Russia). Detection of vascular wall changes in patients with hypertension in combination with obesity.
5. Medvedeva E.G., Filonenko D.A., Yushchuk E.N. (Moscow, Russia). Dynamics of indicators of the structural and functional state of large arteries in patients with breast cancer on the background of chemotherapy.

Discussion.

11.20-12.35.

**Symposium «Cardioncology».**

**Chairman: Potievskaya V.I. (Moscow, Russia)**

1. Gendlin G.E. (Moscow, Russia), Emelina E.I. (Moscow, Russia). Mechanisms of development of severe cardiotoxicity in antitumor therapy.
2. Potievskaya V.I. (Moscow, Russia). Cardiovascular complications in the treatment of prostate cancer.
3. Poltavskaya M.G. (Moscow, Russia). Malignant effusions and other pericardial lesions.
4. Vitsenya M.V. (Moscow, Russia), Barinova I.V. (Moscow, Russia), Ageev F.T. (Moscow, Russia), Pogosova N.V. (Moscow, Russia). Prevention of cardiovascular diseases in patients with breast cancer.
5. Popovkina O.E. (Obninsk, Russia). The use of laser technologies in the treatment of cardiopulmonary insufficiency in cancer patients after COVID-19.

Discussion.

12.40-13.40.

**Symposium of general practitioners with international participation «Interdisciplinary aspects of the provision of medical care by a general practitioner».**

**Chairmen: Grigorovich M. S. (Kirov, Russia), Shevtsova N. N. (Moscow, Russia).**

1. Grigorovich M. S. (Kirov, Russia). Violation of the microbial-tissue complex as an interdisciplinary problem after a Covid19. 2 infection.
2. Shevtsova N.N. (Moscow, Russia). Training of a general practitioner to conduct a medical consultation.
3. Sushinsky V.E. (Minsk, Belarus). The problem of adherence to the treatment of cardiovascular diseases in the work of a general practitioner and a cardiologist.
4. Richard Young (Fort Worth, USA). Features of the work of a general practitioner in the context of the COVID-19 epidemic in the USA.

Discussion.

13.45-15.00.

**Symposium «Modern innovations in the introduction of patients with cardiac pathology».**

**Chairmen: Arabidze G. G. (Moscow, Russia), Iskenderov B. G. (Penza, Russia).**

1. Arabidze G. G. (Moscow, Russia). Innovations in laboratory diagnostics of lipid metabolism disorders in primary and secondary prevention of atherosclerosis.
2. Protasov K. V. (Irkutsk, Russia). Atrial fibrillation and renal function: clinical and pathogenetic parallels.
3. Iskenderov B. G. (Penza, Russia). Interventional methods of therapy of chronic heart failure: the choice of tactics and evaluation of the effectiveness of therapy.
4. Bichan N. A. (Novokuznetsk, Russia). The use of endothelial HO-synthase for the detection of endothelial dysfunction in pregnant women with chronic arterial hypertension and smoking.
5. Volchkova N. S. (Kazan, Russia). Hypertensive crisis-approaches to treatment from the perspective of clinical recommendations.

Discussion.

15.10-16.25.

**Symposium «Cardiovascular risk factors and polymorbid pathology: diagnostic aspects and modern correction strategies».**

**Chairmen: Purushskaya O.A. (Tomsk, Russia), Kushnarenko N.N. (Chita, Russia)**

1. Kushnarenko N. N. (Chita, Russia). Multi-organ effects of selenium deficiency from the position of a general practitioner, possible ways of correction.

2. Shulkina S. G. (Perm, Russia). Vitamin D deficiency and hypervitaminosis as a risk factor for cardiovascular diseases.
3. Purushskaya O. A. (Tomsk, Russia). Residual cardiovascular risk in patients with cardiometabolic pathology.
4. Falkovskaya A. Yu. (Tomsk, Russia). Features of cerebrovascular pathology in patients with type 2 diabetes mellitus with uncontrolled arterial hypertension.
5. Goncharova E. V. (Chita, Russia). Anemic heart: clinical features, structural-functional and metabolic manifestations, treatment approaches.

Discussion.

16.30-17.45.

**Symposium «Topical issues of cardiology in the practical work of the regional vascular center».**

**Chairman: Gilyarov M.Yu. (Moscow, Russia).**

1. Regushevskaya D.V., Svet A.V. (Moscow, Russia). Possibilities of cardiorehabilitation in patients with chronic heart failure.
2. Shilova A.S. (Moscow, Russia). Myocardial infarction without obstructive coronary artery damage.
3. Bogdanova A.A. (Moscow, Russia). Restrictive cardiomyopathy in a general hospital.
4. Konstantinova E.V. (Moscow, Russia). Depressive disorders and quality of life in patients with acute coronary syndrome in real clinical practice.
5. Shchekochikhin D.Yu. (Moscow, Russia). New approaches to the management of patients with decompensation of chronic heart failure.

Discussion.

**Closing of the forum.**
