SCIENTIFIC PROGRAM

March 25, 2025

Opening ceremony.

10.00-11.25.

Plenary session

Chairmen: Arabidze G.G. (Moscow), Potievskaya V.I. (Moscow).

1. Mamedov M.N. (Moscow). Artificial intelligence in cardiology.
2. Arabidze G.G. (Moscow). Dyslipidemia, atherosclerosis, diabetes mellitus and obesity - a single cardiometabolic continuum: from diagnostics to therapy to reduce global risk.
3. Potievskaya V.I. (Moscow). Arterial hypertension in cancer patients.
4. Snezhko I.V., Burnasheva E.V. (Rostov-on-Don). Hemorrhagic syndrome in the practice of a clinician.

Discussion.

11.30-13.00.

Symposium. "Topical issues of therapeutic practice".

Chairmen: Eremina E.Yu. (Saransk), Mosina L.M. (Saransk)

1. Eremina E.Yu. (Saransk). A patient with gallstone disease after cholecystectomy. Are all issues resolved?
2. Mosina L.M. (Saransk). Gastrointestinal tract lesions against the background of taking anticoagulants and NSAIDs: risk of occurrence, prevention and treatment.
3. Kurkina N.V. (Saransk) Anemia of chronic diseases. Features of diagnostics and principles of treatment.
4. Yamashkina E.I. (Saransk) Prediabetes in primary health care.

5. Shepeleva O.I. (Saransk). Primary immunodeficiency, is it possible to diagnose an adult patient?

Discussion.

13.05-14.25.

Symposium "Innovative technologies in the treatment of cardiovascular diseases"

Chairmen: Olesin A.I. (St. Petersburg), Spassky A.A. (Moscow).

1. Olesin A.I., Konstantinova I.V., Tyuteleva N.N. (St. Petersburg). Monomorphic right ventricular extrasystole in patients without structural changes in the heart: evaluation of the effectiveness of pharmacological and non-drug therapy.
2. Iskenderov B.G. (Penza). Integrated approach to the use and effectiveness of electrocardiotherapy in CHF.
3. Spassky A.A. (Moscow). Vascular comorbidity, modern methods of treatment.
4. Bogdan A.P. (Krasnodar). Endothelial glycocalyx as the main regulator of vascular function.

Discussion.

14.30-15.35

Symposium "CVD risk factors and the possibility of their correction in the practice of a therapist and cardiologist".

Chairmen: Poponina T.M. (Tomsk), Petrova M.M. (Krasnoyarsk).

1. Poponina T.M. (Tomsk). How have approaches to the correction of cardiovascular disease risk factors changed?
2. Petrova M.M. (Krasnoyarsk). The influence of marital status on the outcomes of cardiovascular diseases.
3. Repin A.N. (Tomsk). Chronic ischemic heart disease associated with anxiety and depression: principles of diagnosis and treatment.
4. Poponina T.M., Gunderina K.I., Poponina Yu.S. (Tomsk). Possibilities of reducing cardiovascular risk in patients with ACS and anxiety-depressive disorders.

Discussion.

15.40-17.10

Symposium of the Mordovian State University "Cardiovascular Continuum".

Chairmen: Balykova L.A. (Saransk), Stolyarova V.V. (Saransk).

1. Stolyarova V.V. (Saransk). Extrasystole. Is antiarrhythmic therapy always necessary?
2. Balykova L.A. (Saransk). Pericarditis in adolescents: a modern view of the problem.

3. Leshchankina N.Yu. (Saransk). Progression of CHF in patients with pacemakers: focus on ventricular dyssynchrony.
4. Vlasova V.P. (Saransk). The relationship between cardiovascular risk biomarkers and clinical status indicators in patients with comorbid arterial hypertension.
5. Zamyshlyaev P.S. (Saransk). Clinically significant psychological and behavioral factors within the cardiovascular continuum.

Discussion.

March 26, 2025

10.00-11.15

Symposium of Rostov State Medical University. "New markers of cardiovascular pathology".

Chairmen: Drobotya N.V. (Rostov-on-Don), Khaisheva L.A. (Rostov-on-Don).

1. Pirozhenko A.A., Guseynova E.Sh., Arutyunyan L.V., Drobotya N.V. (Rostov-on-Don). Who is at risk of premature vascular aging?
2. Litvinova M.S., Umugvaneza J.A., Khaisheva L.A. (Rostov-on-Don). Calcification of the vascular wall - a tribute to fashion or a marker of cardiovascular risk.
3. Torosyan S.S., Kaltykova V.V., Kudryashova E.A. (Rostov-on-Don). The nature of ventricular remodeling in comorbid cardiac pathology.
4. Nikolaenko M.V., Drobotya N.V. (Rostov-on-Don). Cognitive impairment in patients with arterial hypertension and the possibilities of their correction.
5. Pirozhenko A.A., Khaisheva L.A., Bendiberin I.S. (Rostov-on-Don). Modern biomarkers for predicting the development of cardiovascular pathology.

Discussion.

11.20-12.50.

Symposium of the Ryazan State Medical University named after academician I.P. Pavlov. "Comorbidity of somatic diseases".

Chairmen: Uryasyev O.M. (Ryazan), Solovieva A. (Ryazan).

1. Solovieva A.V. (Ryazan). Features of anemic syndrome in the elderly.
2. Shakhanov A.V. (Ryazan). Regulators of nitric oxide synthesis in chronic obstructive pulmonary disease.
3. Pristupa M.A., Uryasyev O.M. (Ryazan). Study of the significance of RAGE in patients suffering from chronic obstructive pulmonary disease in combination with diabetes mellitus.

4. Korolev A.E., Uryasyev O.M. (Ryazan). Features of hematological markers of systemic inflammation in the comorbid course of acute coronary syndrome without ST segment elevation and COPD.

5. Kanatbekova Zh.K., Shakhanov A.V., Uryasyev O.M. (Ryazan). Features of hemodynamic parameters of the cardiovascular system in patients with COPD.

6. Bespalov A.A., Uryasyev O.M. (Ryazan). Modern aspects of the relationship between obesity and bronchial asthma.

Discussion.

12.55-13.55.

Symposium. "Clinical evaluation of laboratory parameters in therapeutic practice".

Chairmen: Efimova L.P. (Surgut), Plotnikova E.Yu. (Kemerovo).

1. Efimova L.P. (Surgut). Application of leukocyte indices and C-reactive protein in the diagnosis of internal diseases.

2. Aleksandrova E.N. (Moscow). Modern laboratory diagnostics of antiphospholipid syndrome.

3. Sokolova N.A. (Moscow). Interpretation of monocytosis in a modern general blood test.

4. Plotnikova E.Yu. (Kemerovo). Clinical interpretation of cytolysis syndrome in liver diseases.

Discussion.

14.00-15.15.

Russian-Kazakh symposium. "Prevention of cardiovascular diseases".

Chairmen: Seisembekov T.Z. (Astana, Kazakhstan), Rubanenko O.A. (Samara).

1. Seisembekov T.Z. (Astana, Kazakhstan). Arterial hypertension: somato-psychological disorders little taken into account in diagnostics, insufficiently corrected in the prevention and treatment of the disease.

2. Yukhina Yu.E., Druk I.V., Korenova O.Yu. (Omsk). Hyporesponse to statin therapy: prognosis and management in a group of patients at the 3rd stage of cardiac rehabilitation.

3. Rubanenko O.A., Rubanenko A.O. (Samara) Risk stratification of patients with atherosclerotic lesions to minimize adverse events.

4. Glova S.E., Khaisheva L.A., Samakaev A.S. (Rostov-on-Don). Hyperuricemia and cardiovascular risk in elderly and senile patients.

5. Rasulova Z.D. (Tashkent, Uzbekistan). Use of sodium-glucose cotransporter type 2 inhibitors in patients with arterial hypertension and CHF with preserved EF.

Discussion.

15.20-16.25.

Symposium of general practitioners with international participation. "Interdisciplinary aspects of medical care by a general practitioner"

Chairmen: Grigorovich M.S. (Kirov), Shevtsova N.N. (Moscow)

1. Shevtsova N.N. (Moscow). Modern approaches to the correction of metabolic disorders in women of silver age.
2. Grigorovich M.S. (Kirov) Family in the aspect of clinical unity of non-communicable diseases and risk factors for their development.
3. Smirnov A.A. (Kirov) Aging family as a patient: a clinical case.
4. Sushinsky E.V. (Minsk, Belarus) Management of patients with dyslipidemia - the opinion of doctors.

Discussion.

March 27, 2025

10.00-11.00.

Russian-Kyrgyz symposium. "Metabolic disorders in clinical practice".

Chairmen: Murkamilov I.T. (Bishkek, Kyrgyzstan), Akhundova H.R. (Moscow).

1. Murkamilov I.T. (Bishkek, Kyrgyzstan). Morbid obesity and cardiovascular risk in the cardiology practice.
2. Khabibullina D.R., Kezhun L.V. (Grodno, Belarus). Prevalence of overweight, obesity and features of laboratory parameters in postmenopausal women with breast cancer.
3. Ymankulov D.S. (Bishkek, Kyrgyzstan). Metabolic surgery for cardiovascular diseases.
4. Akhundova H.R. (Moscow). New possibilities of predicting cardiovascular risk in patients with type 2 diabetes mellitus.

Discussion.

11.05-12.25.

Symposium. "Predictors of CVD Complications".

Chairmen: Kononova E.V. (Moscow). Yuldashev A.A. (Osh, Kyrgyzstan).

1. Kononova E.V. (Moscow). Assessment of cardiovascular risk in patients with colorectal cancer.
2. Khakimov Sh.Sh. (Bishkek, Kyrgyzstan). Arrhythmic syndrome in chronic kidney disease: clinical and pathogenetic aspects.
3. Yuldashev A.A. (Osh, Kyrgyzstan). Stroke and Hyperuricemia: a view of the problem through arterial hypertension.

4. Abdykadyrov M.Sh. (Osh, Kyrgyzstan). Atrial fibrillation and ischemic stroke: diagnostic issues.
5. Mardanov B.U. (Moscow). The advancement of knowledge regarding diabetic cardiomyopathy.

Discussion.

12.30-13.30.

Symposium "Diagnostic markers and prognosis assessment in coronary heart disease".

Chairmen: Khorolets E.V. (Rostov-on-Don), Rib E.A. (Astana, Kazakhstan).

1. Zakovryashina I.N., Khaisheva L.A., Alekseeva N. S. (Rostov-on-Don). Epicardial adipose tissue thickness as a predictor of adverse cardiovascular outcomes.
2. Khorolets E.V. (Rostov-on-Don). Acute myocardial infarction with ST segment elevation in clinical practice.
3. Panakhova D.Z. (Makhachkala). Predicting survival of patients with stable coronary heart disease in the Republic of Dagestan.
4. Rib E.A. (Astana, Kazakhstan). Possibilities of an extended diastolic test in the diagnosis of heart failure.

Discussion.

13.35-14.50.

Symposium "Comorbidity in cardiology practice".

Chairmen: Kornilov A.A. (Kursk), Ushakova S.E. (Ivanovo).

1. Kornilov A.A. (Kursk). Factors of chronic kidney disease progression and methods of their correction.
2. Konyshko N.A., Zhernova A.I., Konyshko G.S. (Moscow). Diet of pregnant women: rational prevention of internal diseases.
3. Duysheeva G.K. (Bishkek, Kyrgyzstan). Bronchial asthma and cardiovascular risk: diagnostic issues.
4. Satarova A.A. (Bishkek, Kyrgyzstan). Senile asthenia in the practice of a cardiologist: an interdisciplinary problem.
5. Ushakova S.E. (Ivanovo). Polymorbidity syndrome in patients with senile asthenia.

Discussion.

14.55-15.55.

Russian-Belarusian symposium "Non-coronary diseases in clinical practice: from screening to therapy".

Chairmen: Kezhun L.V. (Grodno, Belarus), Trukhan D.I. (Omsk).

1. Kezhun L.V. (Grodno, Belarus). Takayasu's disease: a clinical case of early diagnosis in general medical practice.
2. Trukhan D.I. (Omsk). Comorbidity of arterial hypertension and periodontal diseases. Dental hypertension. Features of antihypertensive therapy.
3. Evsevieva M.E. (Stavropol). Angiological screening of young students to optimize the fight against cardiovascular diseases.
4. Dzhanibekova A.R. (Cherkessk). Cardiovascular manifestations in Fabry disease: algorithms for diagnosis and patient management.

Discussion.

15.55-17.10

Symposium of Omsk State Medical University. "Type 2 diabetes mellitus: focus on micro and macrovascular complications".

Chairmen: Druk I.V. (Omsk), Mamedov M.N. (Moscow).

1. Safronova S.S. Druk I.V. (Omsk). Type 2 diabetes mellitus and hypertension: results of a short-term prospective study of the cardioprotective effects of ipragliflozin
2. Obedkova N.Yu., Mal G.S. (Kursk). Residual cardiovascular risk: the role of advanced glycation end products.
3. Dedov D.V. (Tver). Obesity and diabetes mellitus in the practice of a cardiologist and therapist: analysis of the risk of cardiovascular complications (according to Russian and international studies).
4. Guchetl D.A. (Maikop). Prediabetes-diabetes-stroke: how to interrupt the chain of events?
5. Druk I.V., Novikov D.G., Zolotov A.N., Kirichenko N.A., Kirkh E.A. (Omsk) Microvascular complications in comorbidity of diabetes and other somatic diseases: focus on diabetic foot.

17.10-17.15.

Closing the forum.
